MIXED BED XL
WHOLE HOME SYSTEM

The Mixed Bed in a bigger tank: more media and more capacity between cleaning cycles, for four-plus bathrooms, bigger households, rentals — or anyone who plans to own it a long time.

48,000 grains between cleaning cycles — a third more than the standard tank. Same valve and flow: the XL is capacity, not speed. Yulee and Wildlight typically run about **12 to 16 grains per gallon**; Fernandina Beach about **16 to 19**.

Application	**City water**	Configuration	**Single tank**
Capacity	**48,000 grains**	Media volume	**1.5 cu ft**
Tank	**12″ × 58″**	Sized for	**4+ baths**
Valve flow	**25.5 GPM**	Backwash	**2.7 GPM**
Salt per cycle	**9 lbs**	Water per cycle	**45–60 gal**
Brine tank	**15″ × 17″ × 36″**	Salt storage	**150 lbs**
Bypass	**1″**	Electrical	**110 volts**

HANKSCRAFT CERAMIC-DISC VALVE

- **Ceramic discs** instead of rubber seals — longer life, less maintenance.
- Programmable, with **long-term memory** and a **72-hour backup** — a power cut won't lose your settings.
- **Demand-metered** — it cleans itself on the water you actually use, not on a timer.

COCONUT-SHELL CARBON

- **Coconut-shell carbon** takes out the chlorine taste and smell at every tap.
- **Catalytic carbon** available where your utility uses chloramine.

HIGH-CAPACITY RESIN

- **10% crosslinked CG10 resin** against an industry-standard 8% — takes hardness to zero grains and lasts longer.
- **Polishing gravel base** keeps flow even across the bed.

WARRANTY

Tank shell, ceramic disc and dry parts — **lifetime**. Control valve and media — **5 years**. Drinking-water system — **1 year**. Our workmanship — **12 months**, in writing. Our workmanship coverage transfers with the home after a signed handover.

WHAT EVERY INSTALL INCLUDES

- Installed by **licensed plumbers or insured professional installers**, to our written install standard.
- **Standard loop install** — bypass, fittings, drain and brine lines, startup and flush.
- The **drinking-water system** with its own faucet, a walkthrough, a **welcome packet** and two bags of salt to start.

OFTEN ADDED

Tankless drinking water · Alkaline filter · Fridge / ice line · Pre-sediment filter

AFTER THE INSTALL

Filter Plan — $200 a year. Proprietary filters for your drinking-water system, supplied only by us — we change them for you on schedule. · **Care Plan** — salt, filters and checks. *Coming soon.*

Price is for a **standard garage loop install**. Trenching, new outlets or outside installs are extra, quoted up front. Launch price is our cash or check price; financed purchases use the regular price.
