SALT-FREE + CARBON WHOLE HOME SYSTEM

Two tanks for a house that can't or won't take a softener — no drain nearby, septic rules, or simply no salt. The first conditions hardness minerals so they form less scale; the second takes out the chlorine taste and smell.

This is a conditioner, not a softener. It does not remove hardness, and your water will not test soft. We say that plainly and let you decide.

CONDITIONER — TANK ONE

- Conditions calcium and magnesium so they form **less scale** on the water heater, dishwasher and plumbing.
- **No salt, no drain, no electricity** — and no cleaning cycle, so no wastewater.

COCONUT-SHELL CARBON — TANK TWO

- Takes out the **chlorine taste and smell** at every tap.

Application	**City or well**	Configuration	**Two tanks, no salt**
Tank 1	**Conditioner, 10 L · 10″ × 58″**	Tank 2	**Carbon 1.5 cu ft · 10″ × 60″**
Valve	**Pass-through head**	Salt / brine	**None**
Drain	**None needed**	Electrical	**None needed**
Wastewater	**None**	Drinking water	**Add-on**

WARRANTY

Tank shell and dry parts — **lifetime**. Media — **5 years**. Our workmanship — **12 months**, in writing. Our workmanship coverage transfers with the home after a signed handover.

WHAT EVERY INSTALL INCLUDES

- Installed by **licensed plumbers or insured professional installers**, to our written install standard.
- **Standard installation** at the main line — bypass, fittings, startup and flush. No drain or outlet needed.
- A walkthrough and a **welcome packet**. Drinking water is an add-on.

OFTEN ADDED

Tank drinking water · Tankless drinking water · Pre-sediment filter · pH Booster

AFTER THE INSTALL

Filter Plan — $200 a year. Proprietary filters for your drinking-water system, supplied only by us — we change them for you on schedule.

Price is for a **standard garage loop install**. Trenching, new outlets or outside installs are extra, quoted up front.
