ULTRAVIOLET LIGHT

A stainless-steel UV chamber installed as the last stage after filtration. Water passes a UV lamp that treats bacteria without chemicals, without changing the taste, and without salt.

> Installed **only after a positive laboratory bacteria test** — never on a smell, a guess or a boil-water notice. We send the sample to a certified lab for you.

Chamber	**Stainless, 37.2″ × 2.5″**	Capacity	**12 GPM**
Lamp life	**12 months**	Electrical	**110 V outlet**
Position	**Last stage**	Decided by	**Lab bacteria test**

HOW IT WORKS

- **No chemicals, no taste change, no salt.**
- Needs clear water ahead of it, so the **sediment filter and softener come first**.
- The lamp is replaced **once a year**. We stock them.

WARRANTY

Housing — manufacturer warranty, through us. Our workmanship — **12 months**, in writing. Cartridges and lamps are wear items on a schedule.

WHAT EVERY INSTALL INCLUDES

- Chamber, lamp and mounting.
- Installed inline as the final stage, same visit.
- Lamp change date in your welcome packet.

AFTER THE INSTALL

Well Care — well visits, priority calls. *Coming soon.*
